"It is now time for tax assessments again, and nothing escapes taxes," growled a Wilmington man. He's wrong. The gas escapes.

In Chicago a man died from eating mince pie. We mention this in justice to apendicitis which is blamed for everything that something else is guilty of.

A newspaper notes that a Kentuckian was found dead and that there was no evidence of a struggle, although his cravat was awry. It is natural to suppose that the Kentuckian was also arye.

The battleship Kentucky would be a bad ship to get "bottled up" in a harbor by an over-audacious enemy. She would pull out her cork screw, open the mouth of the harbor and make the enemy "take water."

We have long since had the "peanut politician" in the United States, but somebody has sprung the "push-cart politician" on us. We presume that the "pushcart" variety goes around and hands out the peanuts for the "peanut politician."

There is a "woman" scare in Canada. The men up there are in distress because they are 132,101 short on women. They are looking this way to secure a supply of our prettiest ones. We just can't spare them. We need all we can get our hands on down this way.

The Republican and Democratic papers refer in sluring terms to the Vice Presidency and the sentiment in the parties is that any old thing will do for a Vice Presidential nominee. Theodore Roosevelt, "Acting President," as the Hon. John Sharp Williams calls him, will not think pleasantly of the frequent comments along that line, as he got where he is only by being Vice President.

For centuries it has been the custom that when a Sultan of Turkey dies to bury with him in the tomb all the treasure he possessed. If an editor's surplus funds were buried with him when he pegs out the ferryman at the River Styx would refuse to take him over for being short on ferriage. Here's where the editor will realize that happiness can sometimes come from impecuniosity.

PATTERSON THE MAN

Present Congressman Renominated by Acclamation at Maxton Yesterday.

H. L. GODWIN FOR ELECTOR.

A. W. McLean and H. L. Lyon, National Delegates; Mr. H. C. McQueen and Col. Wharton J. Green, Alternates—Maj. Hale, Elector.

[*Special Star Telegram.*]

RED SPRINGS, N. C., June 9.—At noon to-day the Democratic Convention for the Sixth Congressional District was called to order at Maxton by Col. Geo. L. Morion, chairman of the Executive Committee. An apt and appropriate address of welcome was delivered by Jno. H. Cook, Esq., and Rev. N. H. D. Wilson opened the convention with prayer. Hon. E. F. McCulloch, of Bladen, was made temporary chairman and W. A. Stewart, of Harnett, temporary secretary. This organization was made permanent and committees were dispensed with. No platform or resolutions were adopted.

Hon. G. B. Patterson was put in nomination in a telling speech by J. A. Brown, of Columbus, withdrawing from the race, and the nomination was made by acclamation. A timely speech of acceptance was made by the nominee. Hon. W. A. Stewart placed H. L. Godwin, of Harnett, in nomination for elector and this nomination was also made by acclamation. H. L. Lyon, of Whiteville, and A. W. McLean, of Lumberton, were chosen as electors and H. C. McQueen, of Wilmington, and Col. Wharton, J. Green, of Fayetteville, as alternates.

The only indication of a fight came when the Cumberland delegation, on motion of Q. K. Nimmocks, moved to endorse Maj. E. J. Hale as a delegate at large to St. Louis. The New Hanover delegation, led by Geo. L. Peschau, opposed the endorsement on the ground that this was not in the province of a district convention and any action taken should neither influence nor bind the delegates to the State Convention elected for that purpose. After considerable debate the endorsement was made, New Hanover and Brunswick and some scattering delegates voting against the endorsement.

The executive committee for the district is as follows: Geo. L. Morton, of New Hanover, chairman; Geo. H. Bellamy, of Brunswick; H. C. Moffit, of Columbus; E. F. McCulloch, of Bladen; E. F. McRae, of Robeson; Q. K. Nimmocks, of Cumberland, and R. G. Taylor of Harnett.

The delegates from New Hanover were Geo. L. Peschau, C. F. McRae and J. O. Carr.

UNDERTAKERS LEFT FOR HOME.

Guests of President-elect Woolvin for Harbor Trip and Carriage Drive.

The fifty odd funeral directors of North Carolina who had been in attendance upon the annual convention of the State Association at Wrightsville since Tuesday, came up to the city yesterday and were guests of the newly elected president, Mr. James F. Woolvin, for a delightful trip down the river on the steamer "Wilmington" from 9:15 A. M. until the early afternoon. The visitors enjoyed the trip very much and were enthusiastic in their thanks to their enterprising and genial host. Many of the party left on the afternoon trains for their homes throughout the State, while others remained until evening. Those who were not compelled to leave so early were given a carriage ride over the city by Mr. Woolvin during the afternoon. Headquarters yesterday were at Mr. Woolvin's undertaking establishment on Third street, opposite the City Hall.

New Road Roller Here.

The new road roller, which has already been christened the "John H. Sweeney, Jr.," arrived yesterday via Atlantic Coast Line, and was brought up town under its own steam late yesterday afternoon by Mr. John Boston, an expert of the Springfield Road Roller Co., who will remain here ten days according to contract to give the local engineer instruction in the manipulation of the big machine. The old roller, which was exchanged for the new and lighter one, will be shipped off to-day.

The Police Excursion.

In response to the call upon the merchants to generously donate prizes for the several athletic contests upon the occasion of the annual excursion of the police to Carolina Beach next Wednesday, the Mercer & Evans Company on yesterday offered a fine pair of Douglass shoes as a prize for the winner of a 100 yards dash. The committee is grateful for the donation and hopes to receive others.

Mr. Jones in Greensboro.

Greensboro *Telegram*: "Mr. W. C. Jones, formerly of Wilmington, is in the city and will make this place his headquarters in the future. Mr. Jones is connected with the American DeForest Wireless Telegraph Company and will endeavor to interest Greensboro people in that corporation to the extent of purchasing some of its stock. Mr. Jones has just returned from St. Louis where he went to visit the president of the American DeForest Wireless Telegraph Company and to see the stations at work."

THE FEDERAL COURT.

Cases on Both District and Circuit Dockets Were Heard Yesterday Morning.

TERM NEARING THE END.

New Hanover Negro Found Guilty of "Crimping"—Fayetteville Colored Man Goes to Atlanta Prison for One Year—Other Notes.

The District and Circuit courts of the United States continued their sessions yesterday, but few cases of importance were disposed of. Only a morning session was held during the day, court having taken a recess at 1:30 o'clock until 10 A. M., to-day. It is highly probable that the docket will be exhausted and an adjournment for the term reached to-day.

When court convened yesterday morning the jury which remained out all night in the case of Alex. Evans, the colored shopkeeper from Fayetteville charged with having feloniously passed a $1 bill raised to the denomination of a ten, was still unable to agree. The jury came before Judge Purnell about 11 o'clock, received additional instruction, retired to the room and half an hour later came in with a verdict of guilty. Evans was sentenced to one year at hard labor in the Federal prison in Atlanta, Ga., and to pay a fine of $100 and costs.

In the case of Percy C. Blake, of Lumberton, convicted the day before of retailing and sentenced to 60 days in jail and to pay a fine of $100 and costs, a motion was made by R. E. Lee and B. F. McLean, Esqs., for a modification of the judgment, but the motion was continued. In the meantime Blake was allowed to pay the fine and costs and continue under bond, pending Judge Purnell's consideration of the modification of the original sentence.

One of the most important cases tried yesterday was that of Peter Evans, a colored restaurant keeper charged with "crimping," or in other words, shipping a sailor and receiving a portion of his wages from the captain of the vessel for the service. The case in point was that of a Wilmington negro who was found in a foreign country penniless and had to find his way back to Wilmington through the offices of the U. S. consul abroad. Evans was represented at the hearing yesterday by Brooke G. Emple, Esq. He was found guilty at 1:30 P. M., but a motion for arrest of judgment was lodged. The motion was continued for a hearing, defendant to remain under present bond.

Wm. Priest, Robeson county, injury to R. F. D. mail box; continued upon affidavit filed; defendant to file bond in ten days, otherwise judgment nisi to be entered against present bond.

Eli Roper, Scotland county, retailing; former order stricken out; verdict not guilty during recess of court.

L. D. Royster, New Hanover county, irregularity in internal revenue service; grand jury returns true bill.

Charles W. Woolvin, Pender county; retailing; defendant pleaded not guilty; recess of court at 1:50 o'clock pending trial.

In the Circuit Court an affidavit praying for continuance in the case of Clarence L. Parker vs. Clarendon Water Works Co. was filed. In the matter of J. E. Broadhead vs. Whitehead & Son, motion for continuance and 90 days time for defendant to file pleadings was allowed.

In a case in equity, Bellamy & Bellamy and Rountree & Carr entered their appearance for defendants, Lennon & Brinkley, and 90 days time was allowed to file pleadings. The last named is one of the famous Green Swamp cases brought by the company to dispossess numerous persons who have long been in possession of the property.

Boys Should be Warned.

Contractor Dock complains of great annoyance from boys who visit the city rock quarry for the purpose of going in bathing in some of the old pits which are now not used and are filled with water. A son of Mr. Carmer Davis came very near drowning yesterday and there have been other narrow escapes recently by others. Mr. Dock says it is next to impossible to keep the boys off the premises, though he has repeatedly endeavored to do so, and he advises parents to counsel the youngsters of the danger they are in, when bathing in the pools. He says he cannot be responsible for any accident that may occur.

John Watson Stabbed.

John Watson and Joe Kirkham engaged in an affray about 10:30 o'clock yesterday morning, near Eighth and Castle streets, as the result of which Watson received a stab in the stomach. Kirkham says that Watson was drunk and offensive and forced the altercation upon him. He employed counsel and gave bond for his appearance in the Mayor's court to-day at noon. Watson was sent to the hospital, where two stitches were taken in the wound and he was returned to the station house.

The Dispensary Campaign.

It is announced that Mr. W. C. Douglass, a well known lawyer of Raleigh, N. C., will be here Monday and deliver an address in the Court House that night in furtherance of the dispensary movement. It is also announced that Dr. Broughton, of Raleigh, will be here later to make a speech. Rev. Dr. Vann, also of Raleigh, will make a public address in the city on June 30th.

THE STRAWBERRY SEASON.

Shipments This Year Exceed All Previous Records—Some Interesting Statistics of the Industry.

In a resume of the strawberry season in North Carolina, just closed, the "Carolina Fruit and Truckers' Journal," of this city, will say in its issue of to-day:

"Although of shorter duration than last year, the season has been an eminently satisfactory one to the growers. Prices have ruled fairly high throughout the season and the returns would have been infinitely better had the Pennsylvania Railroad not 'fallen down' so completely on its Northern and Western deliveries at the consuming end of the line. Several markets, notably Pittsburg and Buffalo, suffered considerable loss by reason of the falling off in receipts in those cities, the direct result of poor and irregular deliveries.

"The total number of refrigerator cars shipped out of this territory during the berry season of 1904 approximates 2,217 car loads, against 1,965 cars last year. Reduced to crates the total number this year foots up 537,369 against 500,362 in 1903 in refrigerator cars.

"By the Southern Express Company the total number of crates shipped this season is 71,000, which, when added to the number shipped by refrigerator, brings up the grand total to 608,369 crates against 575,000 crates during the famous year of 1903. The net average to the growers per crate is about $2, and at this rate it will be seen that more than $1,216,738 have been returned to this section and distributed among the growers from the one item of strawberries alone.

"The districts from which these berries have moved might properly be styled the W. & W. section, between Wilmington and Goldsboro; the W. C. & A. section, between Wilmington, Chadbourn and Lake City, S. C.; the Seaboard Air Line, between Wilmington and Hamlet, and the A. & Y. section, between Wilmington and Fayetteville. From the W. & W. section this year the movement was 960 car loads; from the W. C. & A. section, 1,123 car loads, and from the A. & Y. section 25 cars, and the North Eastern Railroad, 48 cars. This makes a fine showing and a big gain for Chadbourn this year over last.

"In receipts New York City leads all other markets with 420 car loads this year against 355 cars in 1903. Boston went up second this year with 281 cars against 196 last year; Pittsburg dropping to third place this year instead of second last, receiving 219 car loads this season against 309 in 1903. Philadelphia comes fourth on the list with 209 cars this year as against 200 cars last year. Buffalo is fifth on the list with 129 cars this year against 167 cars last. Buffalo and Pittsburg, however, suffered as stated above, some very serious losses by reason of poor deliveries. The distribution this season, however, was even better than last year, and was about as near perfect as is possible to make that department. Of this fact we can offer no more convincing evidence than that in one day Shipping Master Bauman had as many as 213 solid cars for distribution exclusive of the Express shipments. Thus ends the strawberry season for 1904."

TRIBUTE TO STEDMAN

A Mass Meeting in Greensboro Last Night for Organization of a Club.

DR. BATTLE'S GREAT SPEECH.

Good Man is Defended from Villainous Attacks of Maligners—Eloquent Words of an Eloquent and True Man—Other Notes.

[*Special Star Telegram.*]

GREENSBORO, N. C., June 9.—A largely attended and enthusiastic mass meeting of the citizens of Greensboro was held here to-night for the purpose of organizing a Stedman Club. The organization was perfected by electing Judge R. C. Strudwick as president and six of the leading citizens of Greensboro as vice presidents. Enthusiastic speeches were made by prominent persons present, showing that the universal feeling here is that Stedman will be nominated. A most thrilling and affecting speech was made by Rev. Dr. H. W. Battle, pastor of the First Baptist church, a neighbor and an old friend of Major Stedman. This speech was so striking that it is reported below in full:

"Mr. Chairman, Ladies and Gentlemen: When, twenty years ago, I left the arena of political discussion, after a taste of the sparkling chalice that young ambition held out, it was with a full purpose of heart to return to it no more. If the invitation to speak this evening had presented to me no higher object than the promotion of the political aspirations of any man, however worthy, I should have courteously declined it. But, sir, as I understand it, I am here to bear testimony in the interest of truth, and on behalf of that which every generous nature passionately loves—fair play. As regards Charles M. Stedman's party loyalty, others must speak, but I do not deem it inappropriate that I should tell you the things I know in relation to his moral and religious character.

"I may be permitted to declare, in this presence and at this time that we have communed together in sacred things and that he has spoken to me upon the verities of our holy christianity with a reverence almost too deep for words. Major Stedman has not been a model church man as regards attendance on the stated ministry of the word, and this may have been used to his prejudice; but I know (for he has spoken freely to me on the subject) that his high ideal of what such an one ought to be, and his modest estimate of his own spiritual attainments, have deterred him.

"A mistake it may have been, a mistake I think it was, but the mistake of a man who detests cant and who abhors hypocrisy.

"He a skeptic. It is not true. As well might you attempt to convince me that Charles M. Stedman is false to the memory of his mother, as that he does not, with every faculty of his mind and I trust all the power of his heart, adore the God of the Bible and the Saviour of the race. I do not theorize. I testify. Speak of character, it is a melancholy commentary upon the evil days on which we have fallen in the Old North State when such detraction can be shot at such character without exciting an outburst of public indignation.

"Why, sir, my baby boy, who will deign to greet no other stranger, watches for his coming, as he daily passes by my home on his way to his office, and runs to meet him with an infant's unerring instinct for the tender, the loving, the noble and the true. His is a nature that might wear the shield of Bayard or Sidney's plume of snow.

"Mr. Chairman, I count it an honor to call Charles M. Stedman my friend; and whether, at the coming election, his grey locks shall wear a chaplet placed there by the suffrages of a grateful people in appreciation of intrinsic manhood and that historic heroism to which we of a younger generation can pay tribute but a little while longer, or, when nature's great debt is paid shall wear only the ornament of its own unsullied whiteness, I shall ever love and admire the character of Charles M. Stedman."

NORTH CAROLINA P. E. DIOCESE.

Bishop Cheshire Speaks Out on Divorce Evil and Negro Problem.

[*Special Star Telegram.*]

RALEIGH, N. C., June 9.—Bishop Cheshire in his address to the convention of the Diocese of North Carolina lamented the lax divorce laws of the State and asked that an address be issued to the people urging reformation, so that divorce will only be granted upon the Scriptural ground; that a committee be appointed to co-operate with similar committees from religious bodies, other denominations, to press reform on the next Legislature. He treated at length the negro problem as it relates to the Episcopal church and recommended that a committee be named to study the advisability of a separate organization for negroes, the committee to report before the question is brought up at the general convention in Boston.

Charters are issued for the Wells Grocery, of Goldsboro, $25,000 capital subscribed by S. C. Wells, H. G. Connor, Jr., and others, and to the J. H. Edgerton Company, of Smithfield, with $10,000 capital, subscribed by W. H. Edgerton and others for the manufacture of harness oil, shoe dressing, etc.

FRIDAY MORNING, JUNE 10.

MILITARISM AND ANARCHY

Long ago we have looked with serious apprehension upon the growing tendency in the United States to lose respect for law and order. We used to make excuses for our "frontier" and "border" lawlessness because such scenes of disorder were far removed from so-called civilization, but what excuse can we give for the riots in the coal regions of Pennsylvania, the Virginias, Tennessee and other States where the military had to be called out and in numerous instances were in deadly conflict with the strikers? What excuse can we render for the riot, bloodshed and murder during the street car strikes in Chicago? In what manner can we make palliation for the wild scenes of disorder, lawlessness, murder and debauchery in Colorado, culminating in the diabolical and heartrending dynamite plot by which nearly a score of men were hurled into eternity by the most cold blooded and most infamous act known in the annals of this country?

The nation stands appalled in the presence of the reign of terror in Colorado where the striking miners have defied the law of the State for more than a year. Anarchy has run riot and hundreds of lives have been blotted out in blood. The condition in Colorado has been such that it is commonly called "the Colorado rebellion." The ordinary process of law failed as a weakling before the enormity of disorder in the mining regions, martial law took its place, the writ of habeas corpus was suspended and for months and months the severest military rule has been in force. Notwithstanding the strong arm of the military, anarchy reigns supreme in Colorado, and within the past week or ten days the bloody record has been added to by the loss of not less than fifty lives.

Where is it to stop, and what is the remedy for the future? Wise heads and patriots will have to answer that question, and not the law-makers of the States, but most likely the law-makers of the Republic will have to look a grave situation in the face. Affairs like that in Colorado get beyond the power of the State, and we fear that the result will be that the strong arm of the Federal government will have to be called in. That to most Americans is abhorrent, and as instance of the abhorrence of militarism, we have but to point to the 1896 platform of the Democratic party, in which a Democratic President was denounced for using the army to put an end to riot, anarchy, murder, and interference with inter-State traffic in Chicago. President Roosevelt supinely looked on at the terrible scenes in Chicago's months of bloody strikes within the past year, but the authorities of the State did not call upon him and assayed to settle the disturbances through the State's authority. After scores of lives had been sacrificed in Chicago order was restored, but how long will it last?

In Colorado nearly a year ago Governor Peabody called upon Roosevelt for aid in the stupendous trouble which his State was experiencing, but the President declined act because, in his opinion, the resources of the State had not been exhausted. The fact that the condition of disorder and anarchy has existed for more than a year, shows that the State is powerless. What will he do now? Then when we get to calling out United States troops, how far out of sight is the "Man on Horseback?" In the early seventies marshall law was declared in South Carolina and President Grant overran many counties with Federal troops, and on several occasions for election purposes troops were sent into South Carolina. The Ku Klux trouble in the seventies was the excuse for bayonet rule in South Carolina, but in the elections the purpose was to bolster up the infamous and doomed reconstruction carpet bag regimes. Those days have passed, but the Ku Klux and election troubles there were so insignificant as to amount to child's play alongside the numerous and far-reaching conditions of disorder that now frequently occur in many states of the Union.

However the people of the Republic may dread to see the army used in the States, we fear that is what we are coming to. The fight between labor and capital, it seems, is destined to call for compulsory arbitration, and if the result of such arbitration is disregarded, it is not hard to look ahead and see the troops of the Republic enforcing it. Is that what we are coming to?

Military rule is bad enough under any circumstance. Governor Peabody with his State military at his back has been extreme in many instances, but it must be remembered that the Supreme Court of his State has sustained his conduct. It is extremely dangerous, we have reason to observe, for military rule to lie within the hands of some class of men as governors, but we deplore the day when the necessities will place that power in the hands of a President who may be none the less scrupulous Nevertheless, the day may not be far distant when a choice will have to be made between militarism and anarchy.

WAR ON THE TWO-THIRDS RULE

The two-thirds rule is a fetish of the Democracy, and it is only one of them, for it has some others. There is, however, considerable discussion in favor of abolishing the two-thirds rule when the St. Louis convention meets, so the candidate who gets the majority may be made the nominee. For our part we have never seen why the majority should not rule in all cases, but it can be said that when a candidate gets a nomination by a two-thirds vote of a convention he goes before the country with a stronger endorsement than he would have by getting the nomination from perhaps a little more than half the number of delegates in the convention.

As to the two-thirds rule we take the same position that we did a few days ago with "the time-honored precedent" question. That is that it is entirely within the province of the convention to adhere to it or abrogate it as it sees fit. The National convention is the supreme Democratic power and as such it can make or unmake rules.

We have no doubt that if Judge Parker's friends realize that he cannot get a two-thirds nomination, they will make an effort to repeal it. If the convention does do so we don't care a damson preserve

Here comes the Charlotte Chronicle saying:

A few days ago, the *Chronicle* took the ground that the rule of national Democratic conventions requiring a two-thirds majority to nominate a candidate is one the repeal of which might be well considered. It cannot be denied that it opens the door for obstruction by a minority and in some cases puts a factional minority in position to dictate that the wishes of the majority shall not be carried out. The Washington *Post* comes out strongly for the repeal of this rule. It says that "this year is as good as another to inaugurate a movement to sound the Democratic party on the wisdom of the two-thirds rule in national conventions. An expression of opinion could be invited from all the States in 1908; county and State conventions might be asked to then declare themselves on the two thirds rule. And to give the rule fitting obsequies it might be provided that it should not be buried except under the two-thirds rule. In any event, the general public would know what they do not now know, why the rule is enforced."

The two-thirds rule is vastly out of date. The *Chronicle* has told that it was this rule which made the split in the Charleston convention, and that many believe that it was responsible for the civil war. The two-thirds rule was adopted in Baltimore, in May, 1832, and reads:

"Resolved, That each State be entitled in the nomination to be made of a candidate for the Vice Presidency, to a number of votes equal to the number of which they will be entitled in the electoral college, under the new apportionment, in voting for President and Vice President, and that two-thirds of the whole number of votes in the convention shall be necessary to constitute a choice."

It was adopted as a scheme to defeat Van Buren, but he got in on the first ballot. All Democratic national conventions since that time have been governed by this rule, but it has been abolished by all the State organizations. It is high time that the national convention should drop it.

To repeal the two-thirds rule will doubtless bring on another war—a war between the gas-bags in the Democratic party. However, any kind of a war is just as good an old thing as the one which has been going on in the party for some time.

—The northern coast of Africa is full of inspiring memories to the United States navy, though our big fleet of warships at Tangier will scarcely have the opportunity to emulate the prowess of their predecessors, for the "Barbary Powers" are no longer the brave sea rovers they were in 1801-4. The explosion of the powder boat by Somers and the bombardment of Tripoli by the Constitution were extraordinary feats in naval warfare, and Lord Nelson, the hero of Trafalgar, declared the blowing up of the Philadelphia by Decatur, to have been "the most bold and daring act of the age."—Charleston News and Courier.

"I thank Dr. Pierce for the kind advice he gave when I wrote to him."

"I am thankful to the friend who first recommended your medicine," writes Mrs. Annie M. Brook, of Smithfield, Fayette Co., Pa. "We have a twelve pound baby, three weeks old. I took three bottles of 'Favorite Prescription' before baby came, and the time was only one hour and a half. Have had five children, and before this always had a severe time, lasting two or three days, and never was able to do any work for about two months afterward. Now I am doing all the work for four children. My friends say I look better now than ever before. We told one of my sisters to take 'Favorite Prescription,' which she did, and when her child was born the time of suffering was very short. She has better health now than since her marriage, some years ago. We cannot praise Dr. Pierce's medicines enough. I thank Dr. Pierce for the kind advice he gave when I wrote to him. Whenever I see other women suffering I tell them about your wonderful medicines."

The benefits resulting from a consultation by letter with Dr. Pierce are testified to by thousands of grateful women who have been made new women by his medical advice and fatherly counsel given absolutely without cost or fee.

Sick and ailing women, especially those suffering from chronic diseases, are invited to consult Dr. Pierce, by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription is the best medicine for the cure of womanly ills. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It is the best preparative for maternity, giving the mother strength to give her child, and making the baby's advent practically painless.

Dr. Pierce's Favorite Prescription contains no alcohol and is entirely free from opium, cocaine and all other narcotics.

The Common Sense Medical Adviser, 1008 large pages, in paper covers, is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.

TONGUE-TIED ORATOR.

A Story Told to Illustrate a Valuable Every Day Fact.

"To illustrate a point I wish to make," said Mr. R. R. Bellamy, the well known druggist, "let me tell you of an orator who had the most wonderful eloquence of any man I ever knew. Yet he had a great misfortune. He was tongue-tied, and when he got up to make a speech he would stammer and stutter and finally have to sit down. Yet about once in five or six times his trouble would vanish, and then I tell you he was simply grand.

"Now, my point is this: Old fashioned cod liver oil is like that orator. Once in a great many cases it does immense good, but oftener than not the sticky, nasty oil or the unwholesome materials used to make it into an emulsion so interfere with digestion that all its medicinal value is lost. Yet we know genuine strength-building curatives are enveloped in the oil.

How shall we get these valuable health-building, medicinal elements without taking the oil also?

That question was answered by the two great French chemists, Gautier and Mourgues, who gave to the world their great discovery of separating the curative medicinal elements known to exist in the cod's liver, from the oil or useless part.

The product is known as Vinol—which actually contains all that is medicinally good of cod liver oil, without a deep of oil or any disagreeable feature—thus producing the grandest tonic reconstructor known to medicine. Vinol is now making remarkable cures as a tonic and restorative where old-fashioned cod liver oil failed. We guarantee it to make strength for the weak, vitalize the old, cure coughs, hanging on colds and bronchial troubles. If it does not, it won't cost you a cent to try it." R. R. Bellamy Druggist.

COTTON MARKETS.

By Telegraph to the Morning Star

NEW YORK, June 9.—The cotton closed steady at a decline of six points to an advance of six points. The declines were on the old crop months. The new crop months were firm on covering as a result of firm cables, and talk of too much rain in the western belt. Later, July joined in the strength and being bid up rapidly by recent heavy sellers, the trade seemed impressed with an idea that some fair sized short interest was trying to cover and the market ruled very firm. The new crop positions worked steadily upward during the entire session, but July and August were particularly nervous and erratic, responding promptly to comparatively small orders either way. July sold up as high as 11.65 just before the close and reacted only a point or two from that figure while the latter positions also closed within a point or so of the best, with the market finally steady at a net advance of nineteen to forty-five points. Sales were estimated at 350,000 bales. Aside from the rains which fell, accompanied by reports of overflows in Southern sections which were said to be serious enough to cause the abandonment of some acreage in Arkansas, the weather was generally favorable and seemed to afford little basis for alarm over crop prospects. Private advices from the South held out little immediate prospect for an improvement in spot demand and the Southern spot markets as officially reported were generally quiet and unchanged to an advance of ⅛c, with the local market twenty points higher on sales of 25 bales. Spot houses and Europe were said to be buying new crop months in the local market during the entire session and New Orleans seemed to lead in the buying of the old crop months, while commission houses generally seemed to be on the selling side.

STEEL TRUST BUYS TIN LAND.

Deal Made Saturday by Which 3,000 Acres of Land Between Bessemer City and Gaffney, S. C., Changes Hands.

[*Charlotte Observer.*]

SPARTANBURG, S. C., June 4.—The Carolina Tin and Development Company, which owns thousands of prospective mining lands in Cherokee county, has transferred 3,000 acres of its property to the United States Steel Company at a stupendous consideration, the exact figures of which cannot be ascertained. The former company, however, retained a considerable amount of the original lands. The purchasing concern is capitalized at $200,000,000 and will it is understood, commence developing its newly acquired lands within the next thirty days. Expert mining engineers have been notified to report at Gaffney at once, and the hidden wealth of that section will be recalled to the world soon. The residents of the section between Bessemer City, N. C., and Gaffney, S. C., have conceived a craze for tin and iron hunting that bids fair to eclipse any industrial and commercial fever that has ever struck this section of the country. Reliable mining experts have expressed the opinion that the territory lying between the places mentioned has every indication of being capable of being worked to an extent far in excess of any other section of the country.

WHY IT SUCCEEDS.

Because It's for One Thing Only and Wilmington is Learning This.

Nothing can be good for everything.

Doing one thing well brings success.

Doan's Kidney Pills do one thing only.

They're for sick kidneys.

They cure backache, every kidney ill.

Here is evidence to prove it.

E. Pozzolt, merchant tailor of Eighth South Front street, residing at 315 North Sixth street, says: "My wife used Doan's Kidney Pills and in her case they proved to be an effective remedy. She suffered with her ankles and could scarcely get down stairs in the morning. We thought it was rheumatism and her ankles would be all puffed up every morning; she could hardly hobble around. Since obtaining Doan's Kidney Pills at R. R. Bellamy's drug store and taking them she seems like another person. She is better in the morning, the swelling left her ankles and from the great relief she obtained we are only too glad to recommend Doan's Kidney Pills to others."

SPIRITS TURPENTINE.

— Durham Herald: A new paper has been started at Pittsboro, but the provocation is not stated.

— Alexander Alston, a negro convicted of murder in the second degree, was committed on Wednesday to the penitentiary, at Raleigh by Sheriff H. C. Kearney, of Franklin county. The man is in for ten years. An appeal to the Supreme Court was taken but the decision of the lower caurt was sustained.

— Raleigh Post: It is said that in one county in this State the keeper of a dog kennel gets a $2,000 salary. In the same county the superintendent of public instruction gets a salary of $1,600. And the convicts in the penitentiary are hired out for more per day each than the average school teacher gets. This condition of things supplies its own comment.

— Salisbury Sun: Hon. Theo. F. Kluttz has been invited and has accepted the invitation to deliver an address at the 139th annual meeting of Tammany Hall on the evening of July 4. Tammany ranks as the oldest political organization in the United States and these annual celebrations are among the most conspicuous of New York's yearly gatherings.

— Greensboro Telegram: New York friends of William Jennings Bryan are not willing for the Nebraskan not to have the benefit of all his New York friendships in the coming convention at St. Louis and accordingly have called a convention of their own to choose rival delegates. They are going at it the wrong way and we don't believe Mr. Bryan would endorse their action.

— Charlotte Chronicle: The Baltimore authorities propose a war on the mosquito, this Summer. The proposition is to give each school boy a quart can of kerosene oil and send him about town to pour the oil on stagnant pools. There are about 40,000 boys to be thus supplied, if 40,000 sboys with 40,000 quart cans of oil—but the question is too big to handle. And it was only last February that nearly the whole of Baltimore was burned up.

— Greensboro Telegram, June 7th: It was rumored in Greensboro last night that Trinity College had definitely decided to build a woman's annex and that this decision would have something to do with the future of Greensboro Female College, making the task of rebuilding the college harder than it would otherwise have been and possibly making the proposed rebuilding out of the question. It was learned later by long distance telephone commuication with Durham that no definite announcement had been made by the trustees as to their intention, but it was understood that they had taken some action and that the action taken would be announced to-day.

— Governor Aycock has received a petition from the Durham county commissioners asking that the death sentence of Albert Powell, the negro rapist, be commuted to life imprisonment. Powell was sentenced to die June 30th. The petition presented to the commissioners was signed by a number of prominent citizens. Many of those who signed the paper heard the evidence in the case, among these being the newspaper men who reported the trial. The name of Sheriff F. D. Markham, who is familiar with the facts in the case and with the parties interested, has also signed the appeal. It will be remembered that this negro was convicted at the last term of Durham Superior Court upon the testimony of his daughter alone, and there are many who have a doubt in their minds as to his guilt. He protests his innocence and says that it is a scheme of his wife and daughter to get rid of him forever.

— There is to be a great woman's college in connection with Trinity College at Durham. This decision of the board of trustees was announced on Wednesday morning by President Kilgo immediately after the commencement speaking. The college is to cost $140,000. Two great gifts were announced in connection with this move. Mr. B. N. Duke, of Darham, and his brother, Mr. J. B. Duke, of New York, gave to this fund a tract of land adjoining the Trinity tract, valued at $50,000, and an anditional $50,000 in cash. In addition to these gifts other private donations from members of the board of trustees were announced amounting to $6,000. This places the donations of the day at $106,000. The only condition placed upon the gifts is that the Methodists or people of North Carolina shall raise an additional $50,000. President Kilgo announced that this would be no hard matter and that the woman's college, to be known as the Woman's Annex to Trinity, is now an assured fact.

— First Fish—My ears are burning awfully! Second Fish—Somebody must be lying about you frightfully.—Yonkers Statesman.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, of Baxterville, Va., serves as example. He writes: "I had bronchitis for three years, and doctored all the time without being benefitted. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by R. R. BELLAMY, druggist. Trial bottles free; regular sizes 50c and $1.00.

Doctors Say Drink More Schlitz

The body requires ten glasses of fluid per day. Most people drink too little to flush the body of its waste. The result is bad blood, nervousness, disease.

Then the doctor says "Drink More;" and he knows this advice to be worth more than medicine.

That's one reason why pure beer is good for you. It leads you to drink more. And the beer is also a food and a tonic. But the beer must be pure.

Schlitz beer is brewed in absolute cleanliness and cooled in filtered air. It is aged for months so it will not cause biliousness.

That's why doctors say "Schlitz." Ask for the Brewery Bottling.

— Gastonia Gazette, June 7: Mrs. T. D. Allen, aged 45 years, a white woman, was struck by the Northbound freight train No. 72 at 4:10 o'clock yesterday afternoon near the Lula Mill, one-half mile north of King's Mountain, and instantly killed. Mrs. Allen was walking alongside the track with the train and not heeding the warning signals, she stepped in front of the engine and was hurled to death before the train could be stopped.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last! Such was the experience Mrs. S. H. Newsom, of Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters, and the result was miraculous. I improved at once, and now I'm completely recovered." For Liver, Kidneys, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by R. R. BELLAMY, druggist.

WASHING WITHOUT WATER

Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Canthrarides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

FRIDAY MORNING, JUNE 10.

INTERSTATE COMMISSION.

Decision Involving Liability of Carrier for Damage to Fruit and Question as to Proper Freight Rates.

By Telegraph to the Morning Star.

WASHINGTON, June 9.—The interstate commerce commission to day, in an opinion by Commissioner Fife, announced its decision in the case of the Georgia Peach Growers' Association against the Atlantic Coast Line Railroad Company, and others, involving the liability of the carrier for damage to fruit through negligence as well as the question of proper freight rates.

The commission holds that the transportation companies are responsible for damage to fruit through negligence of the carrier to the full amount of the injury sustained, without regard to the valuation placed upon it. It was further held that the regulation whereby the freight rate on peaches and other fruit from Georgia points is increased in proportion to the carload valuation fixed by the shipper is unreasonable and unjust. The charge of $88 per car imposed by the New York, New Haven and Hartford Railroad Company on fruit from New York to Boston, the commission holds to be unreasonable and unjust and should be reduced to $50. The opinion concludes as follows:

"Upon all the facts and circumstances, including on the one hand the difficulties and liability to loss attending the production and shipment of peaches, and on the other hand the large per centage of cars loaded above the prescribed minimum weights for carloads, for which excess no charge is made by the carriers, the exceptional character of the service which involves fast time and prompt delivery at destination, the carriage of a large amount of non-paying freight, return of cars without loads and many other conditions relating to the highly perishable nature of the traffic, the commission holds that neither the minimum carload weight nor the transportation charge established by the defendants engaged in the carriage of peaches in refrigerator cars from Georgia points to New York, based upon 81 cents from Atlanta to New York, is unreasonable or unjust.

LEVI S. LEITER DEAD.

Chicago Millionaire Succumbed to Attack of Heart Disease at His Cottage in Bar Harbor, Me.

By Telegraph to the Morning Star.

BAR HARBOR, ME., June 9.—Levi S. Leiter, of Chicago, died of heart disease to-day at the Vanderbilt cottage here, which the Leiters had taken for the season. Mr. Leiter had not been ill but a few days. A weakness of the heart developed after midnight and death occurred at 3:40 A. M. Mrs. Leiter and two daughters were by the bedside at the last.

Mr. Leiter was 70 years old. He was the father of Lady Curzon, of Kedleston, wife of the Viceroy and Governor General of India, of Miss Daisy Leiter, whose beauty has been the subject of note in English court circles, and of Joseph W. Leiter, speculator and investor.

As soon as it appeared that Mr. Leiter was seriously ill, messages were sent to the son and the other members of the family. It was stated to-day at the Leiter cottage that pending the arrival of Joseph Leiter, the time of the funeral will not be settled. It had been decided that the service would be held in Washington, D. C.

CHICAGO, June 9.—Levi S. Leiter was one of the most prominent pioneer merchants of Chicago. He began his career in this city in 1855 as an employe of the dry goods firm of Cooley, Wadsworth & Company, later becoming a partner in the firm. In 1865 Leiter and Marshall Field bought the controlling interest in the dry goods business of Potter Palmer, the firm becoming one of the most prominent in the West. Leiter retired from the dry goods business in 1881, since which time he has devoted much of his time to the improvement and management of his extensive business properties and corporation interests.

NEGRO ARRESTED.

Charged With Wrecking Mail Train on the Southern at Salisbury, N. C.

By Telegraph to the Morning Star.

RALEIGH, N. C., June 9.—A special from Salisbury, N. C., says:

"Dock Arthur, colored, fireman at the Salisbury ice factory, was arrested here to-day on a charge of wrecking No. 40, the fast mail train, in this city early this morning, by which Engineer Haynes and his colored fireman, Jim Watkins, were killed.

"It is known that he had threatened the life of the dead fireman, and it is rumored that a partial confession of his guilt has been made. Feeling runs high here to-night and sensational developments are not unexpected to take place at a late hour."

DIED IN RALEIGH.

Judge Henry G. Turner, a Prominent Citizen of Georgia.

By Telegraph to the Morning Star.

RALEIGH, N. C., June 9.—Judge Henry G. Turner, of Georgia, died at the home of his brother here early to-day, after an illness of a few days. His age was 65 years. He represented Georgia in Congress sixteen years, refusing renomination in 1896. He was appointed justice of the Supreme Court of Georgia last July. He resigned in March of the present year and retired to his home at Quitman, Ga. He was one of the leading members of the Georgia bar, and one of the most influential and respected citizens of that State.

Col. John B. Purcell, of Purcell, Ladd & Company, has been elected president of the First National Bank of Richmond, Va., to succeed Mr. Virginius Newton, who died recently.

ATTACK BY JAPS ON PORT ARTHUR.

The Long Contemplated Battle Began Thursday Morning and Still Goes On.

THE RUSSIANS REINFORCED

By Troops Which Had Garrisoned Dalny and Kinchou—Russian Vessels in the Harbor Aiding in Repelling the Japanese Attack.

By Telegraph to the Morning Star.

INDIANAPOLIS, IND., June 9.—A special cable received by Indianapolis "News" from its staff war correspondent says:

"*Che Foo, June 9.*—The long contemplated attack by the Japanese on Port Arthur begun early this morning.

"The Russian forces around the city were reinforced by the troops which had garrisoned Dalny and Kinchou.

"The Russian vessels in the harbor, with their great guns, are aiding the land forces in repelling the attack. The fighting still goes on."

ST. PETERSBURG, June 9.—The war office is in possession of information which the officials declare warrants a contradiction of the report brought by Chinese fugitives to Che Foo, of a four days land and sea attack on Port Arthur and of extensive damage to the forts. An official dispatch from Rear Admiral Wittsoeft, dated June 7th reports that the enemy has been bombarding Port Arthur intermittently from the sea, but does not mention serious operations from the land side. The general staff seems certain that the enemy's seige guns have not yet been brought up.

While declining to furnish specific information on the subject, it seems certain that the Russians are now in wireless communication with Port Arthur. By no other way could the receipt of Admiral Witsoeft's dispatch be accounted for.

Sunken Russian Ships.

TOKIO, June 9.—Official reports show that the first section of Talienwan bay has been practically cleared of mines. Sixty-two have been exploded by the force under Admiral Kataoka. Two Russian ships were found under water about 1,300 yards west of San Sahnistan, one of which is believed to be the cruiser Boyarin. Other sunken vessels also have been found southwest of the same island.

The Black Sea Fleet.

ST. PETERSBURG, June 9, 2:40 A. M. The Associated Press is informed officially that negotiations are taking place between Russia and Turkey concerning the passage of the Black Sea fleet through the Dardanelles.

The Turkish government has, it is said, affirmed positively its intention to maintain neutrality and observe strictly the obligations of the Berlin treaty.

While diplomatic circles do not believe in the existence of danger in the Balkans, yet it is thought Russia will not consider a reduction of the Black Sea fleet at this time.

Kuropatkin's Report.

ST. PETERSBURG, June 9.—The Emperor has received this report from General Kuropatkin, dated June 8:

"A Japanese squadron of six vessels, which was later reinforced by eleven others, appeared on the west coast of Laio Tung peninsula June 7th, about one in the afternoon. Six of the ships were of the first class, the others of the second and third class and torpedo boats. The squadron cruised in sections, bombarding various points east of Kaichau and Senyuchon, directing their fire on our outposts and patrols wherever these appeared.

"The squadron ceased firing at 7 P. M. and steamed away southward. Our losses are none, nor did we suffer any material damage. Six ships reappeared south of Kwan Tsia Tung and lowered boats. Six other ships bombarded the coast near Senyuchen and the town itself, but there was no landing.

"Japanese troops are concentrating southward with a front extending for more than ten miles from Puleintan to Fang Tsio Tun, in the valley of Tassakho.

"A Japanese force of two companies of infantry and a squadron of cavalry advanced June 7th, northward from Feng Wang Cheng, in to the Ta Fang Hung district, driving in the Cossack outposts. A detachment of chasseurs and a company of infantry hastened from Ualindi to aid the Cossacks. The Japanese abandoned their attack, having lost one officer and a non-commissioned officer captured and several men killed. We had no casualities.

"Outposts of Cossacks on the main Lalo Yang were driven in June 7th, but reinforcements forced the Japanese to retire. Our loss during the fighting, which lasted until seven P. M., was one officer and two soldiers killed and five soldiers wounded."

A Rumor.

ST. PETERSBURG, June 9.—Among the rumors that fill the city to-night is one better than the average, that General Kuropatkin is himself moving southward from Liao Yang. It is not possible to authoritatively confirm the report.

Fight at Saimatze.

ST. PETERSBURG, June 9.—General Kuropatkin telegraphs to the Emperor, under date of June 8:

"A Japanese brigade attacked a Russian detachment occupying Saimatze on June 7. The Russians retired slowly towards Ieng Chulin pass.

"Our losses were two officers wounded and one hundred soldiers killed or wounded."

THE FIREMEN'S STRIKE.

Officials of Steamship Companies Say It Has Not Been Felt.

By Telegraph to the Morning Star.

NEW YORK, June 9.—The strike of the marine firemen on the coastwise steamers which is said to have been started yesterday by the Atlantic Coast Marine Firemen's Union, seemed to cause a diversity of opinion to-day. While the union officials said that 1,000 men are already out and that boats of the Ward, Porto Rico, Red D, and Mallory lines would be unable to run, the officials of these lines practically denied any strike at all.

The union yesterday issued a strike order against nine coastwise lines. Besides the four mentioned, the others were the Savannah, Old Dominion, Clyde, Panama and Morgan lines.

At the Red D Line about a dozen firemen are said to have struck yesterday, but according to Superintendent Dalls their places were quietly filed.

The line which the officials of the union said would be most seriously crippled at present is the Ward line. The officials of that line, however, denied any serious trouble, and at the offices of the Porto Rico and the Mallory lines it was said that the effect of the strike order had not been felt.

ATTORNEY GENERAL KNOX

Selected by Pennsylvania Republicans for U. S. Senator to Fill Vacancy Caused by the Death of M. S. Quay

By Telegraph to the Morning Star.

PHILADELPHIA, PA., June 9.—Philander C. Knox, of Pittsburg, Pa., attorney general of the United States, was selected to-day to fill the seat in the United States Senate made vacant by the death of Matthew Stanley Quay. He will accept and serve by appointment of Governor Pennypacker.

It is expected that Attorney General Knox will remain in the cabinet until December. The selection of Attorney General Knox came as a surprise to the politicians of the State. His name had not been considered by United States Senator Penrose, who as chairman of the Republican State committee, along with Israel W. Durham, the Philadelphia leader, had the naming of Quay's successor.

Yesterday afternoon, however, Henry C. Frick, of Pittsburg, a director of the United States Steel corporation, came to this city and formally announced that the attorney general was a candidate for the place and that he came here in Mr. Knox's interests. As the leaders had decided that Allegheny county, in which Pittsburg is situated, was to have the place, he thought the leaders could have no objection to the attorney general.

This caused considerable agitation in the Pittsburg delegation which had already named four men for the vacancy. At first it was expected that Mr. Knox would be opposed, but after a series of conferences the Pittsburg delegation accepted Mr. Knox and the public announcement of their action soon followed.

Whether the selection of Attorney General Knox as Quay's successor will cause complications to arise within the party in this State is difficult to say. It is known that the agreement on Knox is not satisfactory to all interests within the organization.

Attorney General Knox was in the city for a short time to-day and then went to the farm of A. J. Cassatt, president of the Pennsylvania Railroad, where the Farmers' Club, a dining organization of wealthy men, gave a dinner to-night. Among others present were Senator Penrose, Mr. Frick, Governor Pennypacker, former United States Senator Duncan and Richard R. Quay, son of the late senator.

EMBEZZLEMENT CHARGED.

Francis C. Randolph, Formerly Probate Judge, of Montgomery, Ala.

By Telegraph to the Morning Star.

MONTGOMERY, ALA., June 9.—Judge Francis C. Randolph, who was formerly probate judge of this county and who left this country nine years ago, owing the State and county many thousands of dollars, returned home to-day. He was arrested on thirteen indictments, charging him with embezzlement and a bond of $2,000 was made in each case. Judge Randolph after leaving here went to Colombia, where, on the charge of murder committed there, he was sentenced to imprisonment for life. While serving the sentence an uncle, Captain Corbin, a retired army officer, died in Pennsylvania leaving him a million. This money was used to pay the indebtedness to Montgomery county and the State of Alabama and he now owes neither anything. He was pardoned recently by the president of Colombia through the influence of prominent officials in this country. He refuses to talk of his arrest to-day.

LIQUOR DEALERS.

National Wholesale Association Aiding in Fight Against Local Option.

By Telegraph to the Morning Star.

NEW YORK, June 9.—The protective bureau of the National Wholesale Liquor Dealers' Association during the past year took part in 287 elections where the local options on liquor issues were involved, and in the campaign circulated 4,000,000 pamphlets and expended $23,000, according to the report of the executive committee of the bureau which was presented at to-day's session of the convention of the association. In the opinion of the committee, says the report, a much larger sum of money could have been wisely used if available. The report adds that in 74 per cent. of the cases in which the bureau took part, the liquor interests were successful.

VIRGINIA CONVENTION

Elected Delegates at Large and Adjourned Until This Morning.

By Telegraph to the Morning Star.

RICHMOND, VA., June 9.—The Democratic State convention elected Senator Daniel and Martin, Governor Montague, and Hon. A. C. Braxton, of Staunton, delegates at large to the St. Louis convention. Hon. H. St. George Tucker, of Rockbridge county, and Hon. W. P. Barksdale of Halifax, were chosen to be electors at large.

At 11:30 o'clock P. M. it was announced that it would be about two hours before the committee on resolution would be able to report, and the conventions thereupon adjourned until 10 o'clock to-morrow morning.

The cause of the unexpected delay in the report of the committee on resolutions is understood to have been inability to agree on proposed changes in the existing primary election plan.

THE MOROCCAN CAPTIVES.

Secretary Hay's Instructions to Consul General Gummere at Tangier.

By Telegraph to the Morning Star.

WASHINGTON, June 9.—Secretary Hay to day cabled Consul General Gummere, at Tangier, instructions for dealing with the brigand Raisuli, the point of which is a positive injunction to refrain from committing the United States to any guarantee for immunity for the brigands or in any way to take action which would amount to the recognition of brigandage and blackmail in Morocco. This attitude will be adhered to regardless of results.

Negotiations for the release of the prisoners are still in progress, but the Sultan's reply to the demands as to ransom have not yet reached the bandits.

CAVE-IN AT ATLANTA.

One Man Killed and Four Men Injured, Two Fatally.

By Telegraph to the Morning Star.

ATLANTA, GA., June 9.—One man dead, two probably dying and two more in a precarious condition was the result of a cave-in this afternoon on Mitchell street near the center of the city, where excavations were being made for the foundations of a new business block. All the men were negroes. Eight men were engaged at the work when tons of earth with little warning slipped down on them from one side of the excavation.

THE SITUATION AT CRIPPLE CREEK.

"Death to Unionism" is the New Slogan of the Citizens' Alliance Leaders.

MOST DRASTIC STEP TAKEN.

The Portland Mine, Which Employes Union Men, Forced to Close--Miners to be Deported--Troops in Pursuit of Union Men.

By Telegraph to the Morning Star.

CRIPPLE CREEK, COL., June 9.—"Death to Unionism in the Cripple Creek district," is the new slogan of the citizens of Cripple Creek.

Tyson S. Dyne, a Denver attorney and one of the executors of the Stratton estate, is here in conference with the Citizens' Alliance leaders, and it is announced that he is preparing a form which will be presented to every merchant and business man and all employes of labor in the entire district, pledging them not to employ any person who is affiliated with a labor union. This is considered the most drastic step taken by the alliance men yet, and its enforcement will affect three thousand men and women that are members of labor unions.

The Mining Exchange hall is being used as a bull-pen in addition to the Victor armory. Armed deputies are placed in the galleries of the exchange, the prisoners occupying the pit of the call room. Several guards are at the door, each carrying repeating shotguns that contain buckshot. Families and wives of the prisoners constantly endeavor to see and talk with the husbands and fathers incarcerated, in most cases permission being refused.

Five of the six members of the Goldfield county council are in the bull-pen, so that the town is without an executive body.

The committee on safety has made a demand upon District Attorney Henry Trowbridge that he remove his deputy, J. O. Cole, and also requested that S. D. Crump be appointed to fill the vacancy. Crump is the attorney for the Mine Owners' Association.

Sheriff Edward Bell to-day appointed L. F. Parsons, of Cripple Creek, under sheriff of the county, and the appointment was confirmed by the county commissioners at once. Mr. Parsons is secretary of the Cripple Creek Mining Exchange.

Coroner George Hall, who succeeded Coroner James Doran, under compulsion to day empanelled a new jury which will hold an inquest over the men murdered at Independence with an infernal machine.

Marshal Naylor and his squad captured George Greely near Canon City and carried him to Victor. He is charged with having killed Roxie McGee and with having attempted to shoot C. C. Hamlin, secretary of the Mine Owners' Association, when he was addressing the meeting in Victor last Monday.

VICTOR, COL., June 9.—Adjutant General Sherman M. Bell, commander of the Teller county military district, to-day ordered the Portland mine, which employs union men, closed down. The order asserts that the mine has been harboring dangerous and lawless men who have aided and encouraged those guilty of recent crimes and outrages in the district.

The Portland is the only large mine in the district that has continued in operation since the explosion at Independence on Monday, which killed or maimed more than twenty non-union miners. The Portland Gold Mining Company, through its president and manager, James F. Burns, who is not a member of the Cripple Creek District Mine Owners' Association, conceded the demand of the union when the strike was inaugurated last August and has steadily given employment to about five hundred men.

General Bell also is calling on all persons to refrain from violence and to resume their usual occupations. The commission appointed by General Bell to inquire into the records of the miners under arrest reported to him a list of ninety-nine miners and also the recommendation that they be deported. General Bell accepted their report and announced that the men would be sent out of the county as soon as a special train could be arranged for.

VICTOR, COL., June 9.—A squad of mounted infantry left to-day in pursuit of forty-five union miners, said to be camped in the Beaver Creek region. The troops have orders to shoot the men when found if they resist arrest.

WARM WIRELETS

At Tampa, Fla., yesterday afternoon, J. G. McGee, of Plant City, shot and seriously wounded F. Badger Wilders in an ice cream parlor. Bad feeling had existed between the two men for several months.

The six delegates of Utah to the National Democratic convention will go uninstructed. Four of the six it is understood are against W. R. Hearst and leaning toward Judge Parker as first choice. Two will probably support Hearst.

The battleship Missouri, which was under orders to sail for Gibraltar yesterday, is still at Newport News and will remain for several days. No explanation for the warship's remaining there is given beyond the statement that her sailing orders were countermanded.

Charles L. Tucker of Auburndale, Mass., was indicted yesterday by the Middlesex county grand jury on the charge of murdering Miss Mabel Page at her home in Weston, Mass., March 31. Tucker was not arraigned, but will be brought in to court some time during the criminal session of our court which convenes here next week.

DEVELOPMENTS IN THE YOUNG KILLING CASE.

Mrs Patterson's Counsel Refuse a Request for Her to Go Before Grand Jury—The Fatal Revolver.

By Telegraph to the Morning Star.

NEW YORK, June 9.—At the request of some of the grand jurors, Assistant Ryland this afternoon wrote to counsel for Mrs. Patterson, asking that she be permitted to testify before the grand jury and explain her case. Her counsel, after a conference as to the advisability of granting the request, replied that they will not allow their client to go before the grand jury. The letter says:

"From our conscientious understanding of the facts attending the unfortunate death of Mr. Young, we are thoroughly convinced that no indictment would be returned by this or any other grand jury if the evidence of Meyer and others whose statements have already been taken are submitted to that body.

"Under these conditions, we can conceive of nothing which Mrs. Patterson can, or should be called upon to explain."

Mr. Levy said that he had received many letters from people who say they were witnesses of the shooting and that his firm would see the writer of each letter. Mr. Levy added that Henry A. Katz, who said he saw the affair, would be at his office to-morrow. Mr. Katz is a travelling salesman and since the shooting has been out of the city.

Judge Newburger, in the court of general sessions, has issued a body attachment for J. Morgan Smith, brother in-law of Mrs. Patterson. This is practically the same as a warrant. The attachment was issued on a affidavit of Police Captain Sweeney, who swore that a subpœna was issued for Smith for to-day but that he failed to appear.

Assistant District Attorney Rand to-day had a long consultation with the widow of the dead Mr. Young, who subsequently went to the grand jury room.

It was said to-day by the police that they have positive evidence that the revolver with which Young was killed was bought from a pawnbroker on Friday last, the day before the tragedy, by a man who was accompanied by a woman. It is understood that the pawnbroker has seen Mrs. Patterson and has not identified her as the woman who was with the purchaser of the revolver.

TANGIER, June 9.—The American consul has sent two unarmed marines to the residence of Countess de Buisserat (formerly a Miss Story of New York), wife of the Belgian minister. The countess is living in an isolated house, and as the count her husband is at Fez, the marines were sent to her home as a precautionary measure. These are the only American marines landed here.
